## Data Signs SIM Card subscription offers:

- ✓ Lower monthly costs compared to Telstra or other service providers typically offer.
- ✓ Data Signs SIM card is operated on the Telstra network and has coverage across Australia.
- ✓ Secure VPN connection over the internet.
- ✓ Monitoring of the status of the SIM Card in case of network or connectivity issues.
- ✓ Your sign is ready to go with hassle-free setup.
- ✓ Option for month to month subscription possible.
- ✓ Faster performance compared to normal SIM cards.

**NOTE: As Data Signs now provides a full turnkey solution with the SIM card, we do not offer support for 3rd party installed SIM cards. (see example below)**

**EXAMPLE:** You purchased a SIM card from Telstra and placed it into the controller, but the controller will not connect to DS-Live due to SIM card issues OR has become damaged due to incorrect SIM card installation

Note: Credit Card payments will attract a 3% Surcharge
