Graffiti Guard

Optional item on a purchase of a new sign
OR requested via a [Service Request](#).

GuardIT® Graffiti Guard is an environmentally responsible, water based, two pack, non-sacrificial protective coating system. Graffiti Guard is a surface coating designed to protect dense surfaces enabling easy removal of graffiti without damaging the substrate. Ideally used on perspex, painted surfaces, metal, signage and other dense surfaces.

Graffiti Removal

Purchased on "[Parts Online](#)" via
our website - (Part No. 32242)

GuardIT® Soy All Stone Aerosol Graffiti Remover is an environmentally responsible, soy-based graffiti remover. Soy All Stone Aerosol Graffiti Remover is specifically designed to be used by the DIY (Do It Yourself) market, safe, easy to use and contains no toxic chemicals. Our unique nitrogen technology is non-flammable, non-toxic, safe to use and fully recyclable. Ideally used for the removal of graffiti on porous and sensitive surfaces.
